

Russell M. Jaffe, MD, Ph.D., CCN

CURRICULUM VITAE

- Board** DIPLOMATE, National Board Medical Examiners (1973)
- Certifications** DIPLOMATE, American Board of Pathology for Clinical and Chemical Pathology (1975-1973)
- Medical and Surgical Licenses** Maryland, New York, California, New Jersey, District of Columbia and Pennsylvania
BNDD Number: BJ25537390 NRC (Radioisotopes) Users Number – NIH 982 (1973)
- Education**
- Boston University College of Liberal Arts, A.B., Cum Laude (1972)
 - Boston University 6-Year Medical Program, MD., Senior Thesis Honors (1972)
 - Boston University Division of Medical Sciences, Ph.D., Biochemistry (1972)
 - Medical Internship, University Hospital, BUMC, Boston, MA (1972-3)
 - Residency, Clinical Pathology, National Institutes of Health Bethesda, MD (1973-5)
- Appointments**
- National Institutes of Health and Clinical Center, CPD, Bethesda, MD (1973-9)
 - * Resident (1973-5)
 - * Senior Staff Physician, Clinical Pathology Department (1975-9)
 - Fellow, Health Studies Collegium (1979 to present)
 - Light Foundation - Board of Governors (1980-99)
 - Director, Princeton BioCenter (1989-92)
- Supplemental Training**
- Pathobiology Conference – Aspen, CO (Aug 8-17 1969)
 - Advanced Course in Electron Microscopy – Northeastern University, Boston, MA
Professor Keith Porter & Faculty (Jan 8-19 1970)
 - Course in Acrylamide Electrophoresis, Gelman Corp – Boston, MA (Aug 9-14 1970)
 - Syntectics Training Course – Cambridge, MA (Aug 9-17 1971)
 - American Projective Drawing Institute – Emanuel Hammer, Ph.D. (Aug 8-14 1976)
 - Certified Clinical Nutritionist, CCN (1990)
- Military Service**
- Lieutenant Commander, U.S. Public Health Service (1973-7)
 - Commander, U.S. Public Health Service (1977-9) (Resigned)
- Editorships**
- Associate Editor, *The New Physician* (1971-2)
 - Senior Associate Editor, *The New Physician* (1972-3)
- Selected Scientific Abstracts**
- Mechanism of Cross-Linkage Inhibition by Penicillamine, in *Texas reports on Biology and Medicine* (Spring 1971)
 - Aggregation of Platelets by purified Collagens, FASEB, Atlantic City, N.J., *Fed Proc* 31:243 (1972)
 - Ascorbic Acid (Vitamin C) Inhibits Occult Blood Detection in stool, *AFCR*, Atlantic City, *Clinical Research* 22:453 (1973)
 - Aggregation of Platelets by Different Collagens, AHA, Dallas, Texas, *Circ. Sup* 3:289 (1974)
 - Role of Quaternary Structure in Collagen: Platelet Interaction, *AFR*, Atlantic City, N.J.

Clinical Research 23:276 (1973)

- Binding of Different Collagens to Human Platelets. Proc 5th Congress International Society for Thrombosis and Haemostasis, *Throm Diath Haemorrh* 34:332 (1976)
- Role Quaternary Structure in Collagen Binding to and Aggregation of Platelets with Daniel Deykin, *Texas Rep Biol Med* 33:4 (1975) 586.
- *Science and Wellness: The New Medicine, Annals American Public Health Assoc.*, 104:4080 (1977)
- *The Effect of Cholesterol Supplementation on the Composition of Phospholipids from Platelets and Erythrocytes of Dogs Fed Diets high in Tallow or Cottonseed Oil*, R.E. Pitas, G.J. Nelson, R.M. Jaffe, and R.W. Mahley, American Oil Chemists Society St. Louis, MO (May 1978)
- Oxidized Cholesterol and Atherosclerosis. *Common Knowledge*. 4:14 (Winter 1980)
- Improved Immune Function Using Specific Nutrient Supplementation and Elisa/Act “ Immunologic Fingerprint “ to detect Late Phase Responses *Ex Vivo*. *J Am Col Nutr* 8(5) 424 (1989)
- Biochemical indices of Vitamin status in response to supplement use. Singh A, Jaffe R, Moses F, Dohoda V, Moran R, Kealey B, and Deuster PA. *Am J Clin Nutr* 51:523 (1990)

Clinical and Research Interest - Nutritional Immunology, Evoking the Human Healing Response
- Treatment protocols for chronic, autoimmune illness

Special Training Programs with Certification Principal Faculty - Oriental Medical Strategy in Western Medical Practice, HSC, N.Y. (1980-5)

Bibliography

01. Franzblau, C. Faris B. Salcedo, L. Jaffe, R. and Crombie, G. Chemistry and Biosynthesis of cross-links in Elastin. In *Chemistry and Molecular Biology of the Extracellular Matrix* (Balazas, Ed.) Academic Press, Pg 617-641 (1970)

Selected Awards & Honors	<ul style="list-style-type: none"> - America's Top Physicians (2005-2009) - International Scientist of the Year 2003, Oxford, England (2003) - Who's Who in Medicine and Science; in Business Worldwide, and others (1995) - Norman E. Clarke Sr. Lecture, American College for Advancement in Medicine Colorado Springs, CO (1992) - Research Committee, Illuminating Engineers Society of North America (1981) - YPO 200 (1981) - Dept. of Consumer Affairs, State of California, Project Manager, Indoor Environment Quality Study, Sacramento, CA (1980) - American Academy of Medical Preventives, National Research Awardee June 17. 1979 Denver, CO (1979) - Thanatologic Aspects of Aging: The Well, The Ill, The Family and the Staff, New York, NY (1978) - 2nd International Symposium on Human Functioning: Distinguished Faculty Wichita, KA (1978) - J.D. Lane Award (U.S.P.H.S.) Junior Investigator, Denver, CO (1975) - Exhibitor and Awardee, American Medical Association Annual Meeting (1971) - SQUIBB Exhibit Award Winner (1971) - UTMB-SAMA Nat'l Research Forum, First Place, Graduate Student Category (1970) - Mead Johnson, "Excellence in Research Award" (1969) - Boston University Assembly, Outstanding Service Award (1966) - Boston University, "Senior of the Year" (1966)
-------------------------------------	--

Invited Addresses, Symposium, and Colloquia:

Dr. Jaffe has given over 1,000 invited addresses, workshops, symposia and colloquia. Dr. Jaffe accepts no more than 50 invitations to present worldwide each year.

Russell M. Jaffe, MD, Ph.D., CCN
